Canadian Based Security Solutions Company Announces Partnership with Asian-based Representative

Global Protective Management Inc. (GPM) www.secureassess.com of Delta, British Columbia, Canada, announces the signing of a partnership agreement with **Canexcel International Pte. Ltd. (Canexcel)**, of Singapore.

GPM a Canadian Corporation, is a full-service team of Security and Business Risk Management professionals focused on addressing the growing risk management demands of organizations around the world.

GPM has created a unique suite of PC-based security software applications called **SecureAssess™**. The **SecureAssess™** product line helps organizational security professionals to effectively address their existing security vulnerabilities. **SecureAssess™** was voted the top new Security product in Canada in 2003, by Canadian Security Magazine.

In addition to software development, **GPM** offers a full suite of business risk management solutions, including software development, training and consulting for all levels of government and private industry, in the areas of Health & Safety, Environmental, Security and Emergency Management. **GPM** offers a one-stop-shop for all organizational business risk management.

In announcing the partnership, John Hess, President of **GPM** said, *"I anticipate that this unique partnership arrangement between **GPM** and **Canexcel** will provide a number of mutual benefits for both organizations. The integration of **GPM's** products and services and **Canexcel's** experience and knowledge of the emerging Asian market make a unique and exciting partnership. "We are very pleased to now have a valued partner that is capable of delivering our much needed products and services in this critical market".*

Speaking from Singapore, Alex Chin, President of **Canexcel** stated, *"The risk management business is an area of steadily increasing importance to all organizations in our marketplace. We are pleased to partner with **GPM's** expertise in this area to offer Asian businesses and institutions a suite of world-class products and services "*.

For more info on **GPM, SecureAssess™**, and other available products and services, visit the **GPM** website at www.secureassess.com. **Canexcel** will showcase **GPM's** software and risk management solutions at the upcoming **IMDEX Asia 2005** in Singapore.
